BACKGROUND

General Plan

The Land Use Element of the General Plan designates the site as Mixed-Use Neighborhoods. This category includes higher density residential, office, retail, and service uses. Mixed-Use Neighborhoods are also characterized by being located in areas having multiple modes of transportation available. In addition, the site area is located in a growth area, as designated by the Growth Areas Element of the General Plan. Growth Areas are intended to encourage development in a mixed-use environment.

Character Area Plan

The Downtown Future Land Use map of the Downtown Plan designates the site as Downtown Multiple Use Type 3 within the Entertainment District. This land use category encourages new development, redevelopment and infill that strengthens Downtown Scottsdale's mix of uses and activities, including hotels, nightclubs, restaurants and bars.

Zoning

The site is zoned Central Business, Parking District Downtown Overlay and Parking District Vehicle Parking Downtown Overlay (C-2/P-3 DO & P-2 DO), which allows for a wide variety of uses, including office, personal care services, restaurants and retail. IMPACT ANALYSIS

Conditional Use Permit

Conditional Use Permits, which may be revocable, conditional, or valid for a specified time period, may be granted only when expressly permitted after the Planning Commission has made a recommendation and City Council has found as follows:

- A. That the granting of such Conditional Use Permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination.
 - **The proposed bar use is intending to operate within an existing building with a small patio and minimal seating. There are no impacts anticipated due to noise, smoke, odor, dust, vibration or illumination for the proposed bar use.**
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.
 - **The establishment fronts on to North Saddlebag Trail, a local commercial street; and, it is less than five hundred (500) feet south of East Camelback Road, which is Minor Arterial street. This relatively small bar is not anticipated to generate a significant demand in vehicular traffic that would affect the existing traffic characteristics of the surrounding streets.**
- B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.
 - **The proposed bar use is reasonably compatible with the surrounding entertainment district area. This area of the Downtown contains a mix of uses ranging from bars, hotel, office, personal care services and restaurants. Directly north and west of the subject site are existing bar uses (El Hefe, Whiskey Row). The closest residential use is approximately two-hundred fifty (250) feet to the south on the corner of Wells Fargo and Stetson.**
- C. The additional conditions in Section 1.403, as applicable, have been satisfied.
 1. The use shall not disrupt existing balance of daytime and nighttime uses.

- The approval of this Conditional Use Permit for a Bar is not anticipated to disrupt the balance of daytime and nighttime uses in the area. It is the applicant's intent to operating this establishment during the day and evening, between 11 a.m. and 2 a.m, which will assist in maintaining the balance of daytime and nighttime uses.
2. The use shall not disrupt pedestrian-oriented daytime activities.
- Daytime pedestrian-oriented activities are not anticipated to be disrupted as a result of approving this request for a Conditional Use Permit for a Bar. It is the applicant's intent to operate this establishment between 11 a.m. and 2 a.m., which will assist in maintaining these activities. In addition, the applicant will not be interrupting the adjacent sidewalk for its activities.
3. If the site is located within the downtown overlay district then:
- a. The use shall not encourage displacement of daytime retail uses unless it can be demonstrated that the proposed use shall promote diversity of first floor uses along the street.
 - There is an existing tailor shop in the current building, with a retail establishment to the south and a bar/restaurant to the north. Conversion of this space to a bar compliments the other bar/restaurant uses in the proximity, and will allow for the retail to the south to remain in operation.
 - b. The required parking for the use shall be within six hundred (600) feet of the property and shall not be separated from the property by a major or minor arterial street.
 - The parking required for the proposed bar use is provided with the existing 3 spaces onsite, 4.71 P-3 Parking Credits, and 1.82 In-lieu Parking Credits. There are several on-street parking spaces in the area as well as a city parking lot and private structure within 600 feet.
4. If the use is located within five hundred (500) feet of a residential use or district then:
- a. The use shall not adversely impact residential uses.
 - The closest residential use is approximately two-hundred fifty (250) feet from the proposed bar use. The proposed Conditional Use Permit for this relatively small Bar is not anticipated to adversely affect the nearby residential uses.
 - b. The use shall provide methods of buffering residential uses.
 - Operation of the proposed bar is within the existing building, with the exception of a small one-hundred fifty (150) square foot patio adjacent to the storefront. This patio is separated by other buildings and streets, which are anticipated to provide a sufficient buffer from the residential uses on the south.

Community Involvement

Property owners within 750 feet of the establishment have been notified and the site has been posted with the required signage. The applicant held an open house meeting on July 9, 2018. Staff has received a number of letters from nearby property owners who have expressed concern regarding the business model. Please refer to Attachment 5.

RE: Narrative: Shot Shack / Tavern

4417 N. Saddlebag
Scottsdale AZ 85251

The proposed “bar”, name to be “Shot Shack” will be located in the entertainment district on Saddlebag Trail. The current location is zoned C-2, P-2/P-3, however does not have a current liquor license. An AZ Series 6 liquor license has been acquired for purchase, for the proposed use permit. This establishment will be approximately 1144 SF (26’ wide x 44’ deep). It has three parking spaces directly at the rear of the space and public on street parking in the front.

The theme will be focused on gourmet specialty drinks, “sipping tasters” with a large variety of unique beverage menu items along with appetizers. “Sipping tasters” will be approximately 1.5 oz. to 3.5 oz. depending of the type of beverage. The intent of this business is to complement the surrounding establishments as well as provide a new concept for the typical entertainment district patron. Unlike the other establishments located in the Entertainment District, the “Shot Shack” would be centered on the more mature consumers. We would like to offer the community the benefit and a sense of balance by representing the parents of 20-30 year-old’s where they may enjoy a dining and beverage experience with their adult children in a comfortable environment. This new concept is designed to complement the surrounding businesses and will add value to the area experience by creating a safe space for a demographic that is currently under-represented.

CONDITIONAL USE PERMIT CRITERIA (Scottsdale Zoning Ordinance §1.401)

A. The granting of a conditional use permit will not be materially detrimental to the public health, safety or welfare due to:

1. Damage or nuisance arising from noise, smoke odor, dust, vibration or illumination.

The proposed use will not create an undue amount of noise smoke, odor, dust, vibration or illumination within or outside the Shot Shack. The majority of the activity will take place inside the establishment and will not detrimentally affect other businesses in the area.

2. Impact on surrounding areas resulting from an unusual volume or character of traffic.

Traffic access to Shot Shack will be through the current means, which serves the other surrounding restaurants and clubs in the area. Traffic is limited to the surrounding area and the size of the establishment, (1144 sf) which should not increase traffic in any significant way. *We are required to have 9.54 spaces, 3 parking spaces are located behind the building ,P 3 parking credits = 4.71. Thus 1.82 parking spaces are required. We will provide 2 in lieu parking spaces per the city requirement.* Adjacent parking in city lots to the south and west within 600 feet are currently being used for this area by current establishments in the area. Also street parking to the east, located throughout the downtown overlay district. Parking complies with article IX for the district.

B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.

The restaurant/ tavern is compatible with the uses inside and outside the building and is allowed in the current zoning by obtaining a use permit. The new Shot Shack Tavern will be in character and compatible with the existing surroundings, including other bar, restaurants, and entertainment in the area. We are celebrating a Nuevo Cuban theme, in sunset yellows, ochre and burnt orange theme.

BAR USE CRITERIA (Scottsdale Zoning Ordinance §1.403.C)

1. The use shall not disrupt the balance of daytime and nighttime uses.

The proposed use will not disrupt other daytime or nighttime uses within the street. Shot Shack will be open from 11:00AM until 2:00AM and will not disrupt daytime or evening pedestrian activities in the area. The other existing restaurant and bars open at 11:00 am and close at 2:00am. The sidewalk out front, along saddlebag trail, allows pedestrians to flow and access all venues in the area.

2. The use shall not disrupt pedestrian-oriented daytime activities.

The proposed use is in line with the existing dining venues. It will not disrupt pedestrian traffic for daytime activities inside or outside the restaurant/ tavern. The existing sidewalk out front allows for proper passageway as it does for all other adjacent uses, located in this downtown overlay district. No adverse impact or displacement of adjacent retail shall occur during the daytime or nighttime business.

3. The site is located within the downtown overlay district.

Parking: Adjacent parking in city lots to the south and west within 600 feet are currently being used for this area by current establishments in the area. Also street parking to the east, located throughout the downtown overlay district. Parking complies with article IX for the district.

Current activities in the area allow for local shuttles from adjacent parking areas, along with rideshares like Uber and Lyft.

4. The use is located within 500 feet of a residential district.

The residential area located to the north is separated by Camelback Road. All activities are restricted to the area on the south side of Camelback Road. The use shall not adversely impact the residential areas located north of Camelback Road.

5. An Active management and security plan shall be created, approved, implemented, maintained and enforced for the business. The Project Management, Operations and Security plan has been reviewed and approved by Detective John Miller of the Scottsdale Police Department.

6. The owner will provide a written exterior refuse control plan for approval by the city. Currently adjacent establishments utilize dumpsters along the alleyway directly to the east.

7. The owner shall demonstrate how noise and light generated by the use shall be mitigated.

An increase in noise, smoke, odors, dust, vibration and illumination is not anticipated, as this project is located in the existing entertainment district and is surrounded by bars and restaurants which receive heavy nightlife traffic. All local ordinances will be complied with. The small outdoor seating area in front of the entry will be covered and outside of the pedestrian sidewalk passageway. All light will be downward inside the property and underside of roof with no negative impact to adjacent parcels. Local sign ordinance will be complied with for signage.

After hours establishments must maintain a valid after hours establishment license.
The owner does not intend to operate after hours.

Tom Babu, the proprietor will run a small establishment catering to overflow traffic from the larger clubs in the district providing a small alternative away from the larger activity.

These uses typically include a Bar Use Permit and a Live Entertainment Use Permit. The contents of this plan will address the listed concerns as well as community concerns regarding:

- Any significant increase in vehicular or pedestrian traffic, including effects on parking, traffic and circulation in the area.
- Adequate control of disruptive behavior both inside and outside the premises to include property damage and refuse issues.
- Compatibility with surrounding structures and uses.

It is the intent of the City of Scottsdale to provide an environment that enhances the safeguarding of property as well as public welfare and to limit the need for law enforcement involvement.

The Permittee agrees that successful execution and enforcement of this Plan are a required condition of the use permit. Termination, cancellation, deviation or non-approval of the Plan constitutes a breach of the Plan and could result in the revocation of the use permit.

Parking

In order to reduce criminal activity that negatively affects the nearby businesses, the Permittee is responsible for the designated parking area to include any lots used by the Permittee's contracted valet company. It is the Permittee's responsibility to ensure that parking areas utilized by patrons and employees will be routinely patrolled by security staff so parking areas are not used: as a gathering place; for consumption of spirituous liquor; for violations of state or city law; for acts of violence, or disorderly conduct. Management will ensure that all patrons have left the parking areas within thirty minutes after the designated closing time.

If valet is used, it is the Permittee's responsibility to ensure the valet company meets all the requirements of the City of Scottsdale and has a valid valet license and permit prior to conducting valet business.

Refuse Plan

It is the Permittee's responsibility to ensure refuse containers are properly used and the area in and around the business is kept clean. Failure to do so will result in an investigation and possible citation from the City of Scottsdale Code Enforcement or other governmental agencies.

At closing, management will be responsible for refuse pick-up and any appropriate cleaning, for any refuse found within a 300 foot (three hundred) radius of the business. This will also include patron parking lot(s), valet parking lot(s) and employee parking lot(s). All bottles, trash, bodily fluids or secretions and refuse found on streets, sidewalks, private property, and empty lots within the above designated areas will be placed in the refuse container or cleaned appropriately.

Enforcement of Security Plan

Violations of this Security Plan will be enforceable by City of Scottsdale Police Officers and/or Code Enforcement employees and may constitute grounds for revocation of applicable use permits relating to the establishment.

Violation, amendment, revocation, as defined in Scottsdale City Zoning Code Sec. 1.402.

Conditional use-permits, which have been approved by the City Council, shall be subject to the following procedures and criteria regarding any violation, amendment, or revocation.

- The violation of any condition imposed by the conditional use permit shall constitute a violation of this ordinance and shall be subject to the requirements of Section 1.1400 et seq.
- Conditional uses shall be developed in conformance to the approved plans as determined by the Zoning Administrator. An amendment to a conditional use permit is required before implementation of any material change in the scope and nature of an approved conditional use, material change in any conditions or stipulations to a conditional use permit or material change in the physical size, placement or structure of property subject to a conditional use permit. The Zoning Administrator shall have the discretion to determine if a proposed change warrants an amendment. An amendment must be approved as provided in Section 1.400 et seq. for the approval of conditional use permits.
- The Zoning Administrator may recommend to the City Council and the City Council may affect revocation of a conditional use permit pursuant to Section 1.402 of the Scottsdale Zoning Code for acts including but not limited to:
 1. A violation of the Plan.
 2. Violation of the conditions of the Use Permit.
 3. Violation of Scottsdale ordinances or law.
 4. Repeated acts of violence or disorderly conduct as reflected by police calls for service or offenses occurring on premises utilized by patrons of the Permittee, or failure to report acts of violence.
 5. Failure of the Permittee to take reasonable steps to protect the safety of persons entering, leaving or remaining on the premises when the Permittee knew or should have known of the danger to such person, or the Permittee fails to take reasonable steps to intervene by notifying law enforcement officials or otherwise to prevent or break up an act of violence or an altercation occurring on the premises or on premises utilized by patrons and employees of the Permittee when the Permittee knew or reasonably should have known of such acts of violence or altercations.
 6. Any enlargement or expansion of the premises, plan of operation or program format without appropriate approval from the City.
 7. Misrepresentations or material misstatements of the Permittee, its agents or employees.

Dissemination of the Security Plan

- A copy of this security plan must be provided to each security officer and off-duty sworn law enforcement officer as well as the manager(s) and assistant manager(s) employed by the permittee.
- A reading log will be maintained and will be signed by each of the above persons, stating they have read and understood this plan. Each security employee must read the plan once per year, or when there are any changes to the plan.
- A current copy of this plan will be maintained on the premises at all times, and a copy of this plan must be made available upon request of any code enforcement officer or police officer.
- Failure to conform to this plan will be considered a violation of the use permit.

Bars & Restaurants

Need to Know – If you are considering locating a bar or restaurant in Scottsdale, it is important to be aware of city license and zoning requirements (**prior to committing to a business location or submitting a liquor license application to the State.**) In some instances, bars may require a Conditional Use Permit that may take 4-6 months to obtain. This webpage outlines a six-step process to ensure you are fully informed/aware of the specific regulations that relate to bars/nightclubs and restaurants in Scottsdale.

Step 1) Identify what type of State Liquor License (Series #) you are applying for.

Step 2) If you are applying for any of the following State Liquor Licenses you may also have to acquire a city of Scottsdale conditional use permit:

Series 03 - Microbrewery	Series 12 - Restaurant
Series 06 - Bar	Series 13 - Domestic Farm Winery
Series 07 - Beer & Wine Bar	Series 14 - Club (Private)

Step 3) Determine whether your establishment is a bar/nightclub or a restaurant. In Scottsdale, you are considered a bar/nightclub or a cocktail lounge if you meet any of the following criteria:

- ☐ Bar service area more than 15% of the gross floor area
- ☐ If you have a kitchen less than 15% of the gross floor area
- ☐ Age verification is requested for admittance
- ☐ A cover charge is required for admittance (except for special events approved through city's special event process)
- ☐ Less than 40% of gross revenues are generated from the sale of prepared food
- ☐ The business remains open and liquor sales continue but the kitchen closes before 9 p.m.

If you checked any one of the above, you are considered a bar and may be required to obtain a conditional use permit. Proceed to step #4 for information about determining applicability. If you did not check any of the above criteria, you can proceed to step #5.

Step 4) If your business meets any of the above criteria, please contact the City of Scottsdale immediately to determine applicability of the regulations and the most efficient process to meet the regulations. Please call 312-7000 to schedule an appointment

Step 5) All liquor license applications in Scottsdale are required to complete a questionnaire (PDF) and either email to planninginfo@scottsdaleaz.gov or deliver to the One Stop Shop. Business hours are 8am to 5pm

Step 6) A Scottsdale (city) Tax & License Spirituous Liquor Permit Application is also required.

RE: A neighborhood meeting will be held to discuss a conditional use permit request for a bar. The new bar will be called Shot Shack, located at 4417 N. Saddlebag Trail, Scottsdale AZ 85251. This meeting will be held at the Civic Center Library located at 3839 N. Drinkwater Blvd. The planner for the project is Bryan Cluff who can be reached via email at: BCluff@scottsdaleaz.gov. His phone no.is: 480-312-2258. Project: Pre application no. 357-PA-2018.

Meeting Date & Time

Monday, July 9, 2018 - 6:00 PM – 7:00 PM

Meeting Location

Civic Center Library - Gold Room
3839 N. Drinkwater Blvd.
Scottsdale, AZ 85251

The proposed “bar”, name to be “Shot Shack” will be located in the entertainment district on Saddlebag Trail. The current location is zoned C-2/P-3 DO + P-2 DO, however does not have a current liquor license. An AZ Series 6 liquor license has been acquired for purchase. This establishment will be approximately 1144 SF (26’ wide x 44’ deep). It has three dedicated parking spaces directly behind the building.

The theme will be gourmet specialty drinks “sipping tasters” with a large variety of unique beverage menu items. “Sipping tasters” will be approximately 1.5 oz. to 3.5 oz. depending of the type of beverage. The intent is to complement the surrounding establishments as well as providing a new concept for the typical entertainment district patron.

- Bar use is allowed in the current zoning by obtaining a use permit.
- An increase in noise, smoke, odors, dust, vibration and illumination is not anticipated, as this project is located in the existing entertainment district and is surrounded by bars and restaurants which receive heavy nightlife traffic.
- The new Shot Shack Tavern will be in character and compatible with the existing surroundings. It will not create an unusual volume of traffic.
- Shot Shack will be open from 11:00AM until 2:00AM and will not disrupt daytime or evening pedestrian activities in the area.
- Parking is adequate in the area, there is a City Parking lot located within 600 feet to the South and West. This is part of the nightclub district
- The project Management, Operations and Security plan has been reviewed and approved by Detective John Miller of the Scottsdale Police Department.
- Shot Shack will comply with all ordinances regarding noise and light, as there is no patio or outdoor seating.
- Parking complies with Article IX.

Tom Babu, the proprietor will run a small establishment catering to overflow traffic from the larger clubs in the district providing a small alternative away from the larger activity.

To Whom It May Concern:

This letter is to inform you that I OPPOSE the proposed "Shot Shack" (15-UP-2018) in the Entertainment District in Old Town Scottsdale. The idea of a bar that only serves shots of hard liquor is irresponsible and not consistent with the other restaurant/bar uses in this district. An establishment with this theme and business model will be a nuisance and hazard to the surrounding businesses and neighborhoods. This is not right for Scottsdale!

This letter is to inform you that I OPPOSE the proposed "Shot Shack" (15-UP-2018) in the Entertainment District in Old Town Scottsdale. The idea of a bar that only serves shots of hard liquor is irresponsible and not consistent with the other restaurant/bar uses in this district. An establishment with this theme and business model will be a nuisance and hazard to the surrounding businesses and neighborhoods. This is not right for Scottsdale!

Sincerely,

4625 N. 73rd St #1
